Explicit Semantics of Code List Values in LADM

Jesper M. Paasch
University of Gävle
jesper.paasch@hig.se
Why code lists?
Possible code list players (and candidates)?

SKOS (Simple Knowledge Organization System) (W3C)

Cadastre and Land Administration Thesaurus (CODEX)

e-Government CoreVocabularies (European Commission, ISA Programme:Interoperability Solutions for European Public Administration)

GEMET (GEneral Multilingual Environmental Thesaurus) (EU Eionet, European Environment Agency)

National agencies, country profiles

FIG
ISO
OGC

*** Do we need code list values at all? What is the alternative? ***
Thank you!
